For five generations our family has been growing sustainable winegrapes in the Lodi Appellation and in 2006 we opened a winery to showcase our passion for growing winegrapes—because great wine starts in the vineyard. Building on our successes as a vineyard management company, the winery was their first step into crafting wines made solely from our estate vineyards.

Caricature artists do their sketching on paper; winemakers create theirs in a glass. Like caricature sketches, Caricature wines are crafted to embellish a distinctive characteristic to distinguish luscious elements that are quite approachable. The result is a wine of character with great legs!
